PROFESSIONAL SUMMARY

Analytical and highly organized Computer Science & Technology graduate with a passion for turning complex data into actionable business insights. Expert in SQL, Advanced Excel, and Power BI, with a strong background in data cleaning, modeling, and visualization. Possesses a technical edge in web technologies (React, JavaScript) used for building interactive data presentations. Committed to helping organizations make data-driven decisions through accuracy and efficiency.

CORE EXPERTISE

- Data Analysis: Exploratory Data Analysis (EDA), Data Cleaning, Root Cause Analysis, Trend Identification.
 - Database Management: SQL (Joins, Subqueries, CTEs, Optimizing Queries), MySQL, PostgreSQL.
 - Visualization: Power BI Dashboards, DAX, Power Query, Data Storytelling.
 - Spreadsheet Mastery: Advanced Excel (Pivot Tables, XLOOKUP, Macros, Statistical Modeling).
 - Programming & Web: JavaScript (Basics), HTML/CSS, Tailwind CSS, React.js (for custom data views).
-

TECHNICAL PROJECTS

- Sales Performance & KPI Dashboard | Power BI & Excel
 - Developed a dynamic dashboard to track monthly revenue, profit margins, and sales growth.
 - Impact: Automated data transformation using Power Query, reducing reporting time by 50%.
 - Key Skill: Used DAX to create custom measures for Year-over-Year (YoY) performance analysis.
- Retail Database System Design | SQL
 - Engineered a relational database schema for a multi-store retail business.
 - Executed complex SQL scripts to extract and analyze customer purchasing behavior.
 - Ensured data integrity and optimized query performance for large datasets.
- Personal Portfolio & Data Hub | React & Firebase
 - Designed and deployed a responsive web platform to host and showcase live data visualization reports.

- Integrated Firebase for secure data hosting and real-time updates.
-

EDUCATION QUALIFICATION

- Diploma in Engineering (Computer Science & Technology)
 - Rangpur Polytechnic Institute, Rangpur | *Graduated: 2026*
 - Result: CGPA 3.33 out of 4.00
 - Secondary School Certificate (SSC) – Science
 - Border Guard Public School & College, Rangpur | *Board: Dinajpur | Graduated: 2021*
 - Result: GPA 4.94 out of 5.00
-

TRAINING & CERTIFICATION (If Any)

- Data Analyst – Ostad, Online Course, (Feb,2026 – Jul,2026).
 - Web Design & Development – E-Learning & Earning Ltd, Attachment, (Sept,2025 – Dec,2025).
 - MS Office Application – Computer Alor Pathe, Zila Parishad Rangpur, 2022.
-

SOFT SKILLS

- Critical Thinking: Ability to look beyond numbers to understand business impact.
 - Attention to Detail: Zero-tolerance for data entry or calculation errors.
 - Effective Communication: Translating technical findings into simple insights for stakeholders.
 - Continuous Learner: Self-taught in modern analytical tools and frameworks.
-

LANGUAGE PROFICIENCY

- Languages:
 - Bengali (Native).
 - English (Basic).
-

INTEREST

- Data Science Trends, Technology Blogging, Problem Solving.
